**Preface:**

*This week certain brought to my remembrance the **need to be on guard against "smooth talk"** (see 2Peter 2:3 CEV), succinctly layed out in this short vid, KURC:*

(Transcribed excerpt:) "Nobody with integrity will have a position of authority, because they cannot be manipulated so easily. Therefore, the system will always filter those people out. They don't want people with integrity anywhere in positions of power. They want hucksters, charlatans, liars, pedophiles, narcissists, drug takers—whoever they can get who can be bought off in whatever poison that they like to take: money, children, whatever they want. That's who they want in power and that's the curse of our system, because those people can often talk great game...they will hit the emotional hot buttons, they will garner support, they talk a good game and that's who a lot of the herd will go after because they talk a good game.":

> 🌟 **"Whitney Webb - 'These people are about to UNDERMINE RFK, Jr. and the MAHA movement' Does Trump know?" - I highly recommend taking in this 43.33 min vid, which is OAAO, as it's an excellent reminder to look at policy action rather than policy rhetoric.**

(Excerpts:) "Everyone's been focused on RFK Jr in the hearing. But what people may be ignoring, certainly in the MAGA movement, is the deputy secretary, Jim O'Neill, who would also be confirmed." -*This fellow was involved in the Tamiflu® scam some years back. Whitney underscores his various ties with industry delites, which are truly cause for concern—such as his track record of marketing injections of pure aluminum! Given his perfidious past, he could easily undermine*

any MAHA moves. I wish I had time to transcribe some of the highlights of this interview, but that would entail transcribing the whole thing! Another top-concern point, imo, is what Whitney brings out about Palantir and how it could very well be planned to usher in a pre-crime society, predictive policing, and a panopticon\* governmental construct. (Panopticon is an institutional design with an inbuilt system of control.). Top marks from me on this video. Thanks to the KURC who sent it to me.:

> 🤢 Can you believe it? Satanyahu is **bragging** to the whole world that he's a **killer**! And Trump publicly **applauds** it! Netanyahu "gifts Trump a golden pager", referencing Mossad's Lebanon op. Is a souvenir that represents killing children and civilians really an appropriate gift? > ⚠️ Google has lifted a ban on using its AI for weapons and surveillance! Google published principles in 2018 barring its AI technology from being used for sensitive purposes, but now weeks into President Donald Trump's second term, those guidelines are being overhauled. Who/What has given Big Tech giants the green light to ditch clauses that pledged to not work on harmful AI applications?!

**"Google removes language on weapons from public AI principles - Removing the 'harm' clause may have implications for the type of work Google will pursue, said a former Google AI researcher"**

(Excerpt:) "The company's AI Principles previously included a passage titled 'applications we will not pursue', such as 'technologies that cause or are likely to cause overall harm', including weapons, according to screenshots viewed by Bloomberg. (Excerpts:) "A Florida congresswoman who believes some UFOs are of non-human origin has teased a major announcement in the coming days. Rep Anna Paulina Luna (R) - who was privy to classified UAP files - posted she has 'an announcement next week that will impact the entire nation.' [After the upcoming *International AI Action Summit* which is to take place in Paris?] Americans filled the comments with a single idea that 'UAP disclosure is finally coming.' UAP, or Unidentified Anomalous Phenomena, has replaced UFO to

reduce stigma and encourage scientific study. Florida Congressman Jared Moskowitz (D) also commented on the post with a simple, 'I know.' DailyMail.com asked Moskowitz if Luna's statement was about UAP disclosure, to which the representative said he did not 'want to get ahead of her.' While Luna has not provided further details about what is to come, she and Moskowitz were part of a secret UFO briefing last month to investigate claims from a high-profile whistleblower.":

> 🧐 • "Psy-Ops Use Slogans" - Upon reading this, it highlighted for me the utmost vigilance to be continually rooted and built up in Him, and stablished in the faith, as I have been taught! (See Col.2:7)

(Excerpt:) "When 'Team Antichrist' runs a psychological operation, it follows the key advice given by Bernays, which was that that 'solution' being sold must have a dedicated SLOGAN (ONE slogan being better than multiple slogans) and that the psychological operation must be PERSONAL, PERCEPTIBLE, and have a PRACTICAL SOLUTION...Many slogans are actually satanic inversions designed to reverse slave-beliefs, or drive them away from truth...Edward Bernays always advised 'Team Antichrist' to 'keep it simple' by repeating one dedicated slogan in each individual context...But if you choose to give your life for 'Team Antichrist', whether in the next PLANDEMIC or in the next human-sacrifice ritual as a War for Greater Israel, please do not do that on the basis of some dumb slogan that Tavistock invented to dupe you, and that puppeticians kept repeating on Tell-Lie-Vision as if it were selling a PRODUCT.":

> 🙄 *In the wake of what I posted yesterday, about Netanyahu gifting Trump a golden pager at the White House, referencing Mossad's 2024 pager op which killed nearly 40 people in Lebanon and injured and maimed many many more! This cruelly crafted act caused them to succumb to sabotaged pagers purposely designed to explode (to which Trump said it was a "grand operation"). And now a right-wing Zionist group, Betar USA, is putting pagers in targeted people's pockets as a form of a death threat against them!*

**"A right-wing Zionist group, Betar USA, is putting pagers in people's pockets - targeting critics like UN Chief Guterres and political scientist Norman Finkelstein, a move being slammed as a death threat following Israel's pager attack on Lebanon."** - 2.15 min vid:

<https://x.com/MiddleEastEye/status/1887208036239896783>

- *Hearing this development has caused me to wonder: By Netanyahu gifting Trump a golden(-opportunity) pager, could this have a double meaning, in that, "Hey, Trumpy, if you don't follow through on what we've agreed to behind closed doors, you're going to be paged!"?*

> 🙄 *Also, following on from what I posted yesterday regarding the US withdrawing from the UN Human Rights Council, its bestie (beasty!) Israel has done the same!—Not that Isahell (author of "we're always the victim, never the victimiser!") ever followed/respected human rights in the first place!*

We'll love it and be responsible for dismantling all of the dangerous bombs and other weapons on the site... and get rid of the destroyed buildings [and] create an economic development that will supply unlimited numbers of jobs and housing.' The surprise announcement came as the president spoke alongside Israeli Prime Minister Benjamin Netanyahu, the first foreign leader to visit Trump since his Inauguration last month...Trump added that the U.S. would develop Gaza economically, sending troops if necessary and making investments. He called the potential of Gaza 'unbelievable', but said that Palestinian control of Gaza 'will never work'. He added: 'You have to learn from history...We have an opportunity to do something phenomenal...the Riviera of the Middle East.'" - *I lived on the Cote d'Azur for 2 years, as part of a busking duo, and time would fail me to tell of what I witnessed there in terms of its glittery, high-society criminal construct!:*

It's a hellhole the US enthusiastically helped to create by giving bombs and weapons hand over fist to Isahell! In the following article, after this one, it expressly articulates that by saying "The US did not spend billions of dollars, deploy thousands of tons of bombs, and oversee the obliteration of 70 percent of Gaza's buildings so that the territory could be reconstructed. The bombs were never meant to make way for rebuilding. They were meant to ensure there was nothing left. The idea that Gaza's surviving population, those who the bombs did not manage to kill, would be allowed to reclaim their land, was never part of the plan."*:

Steve Witkoff, billionaire real estate developer and US President Donald Trump's Middle East envoy, spoke these words to Axios, as if he were describing an unfortunate inconvenience. But look closer, and you'll see the blueprint. This is the outcome Trump wants, and Israeli Prime Minister Benjamin Netanyahu has already set it in motion. Gaza was never meant to be rebuilt. It was meant to be emptied, flattened, erased...the illusion of Palestinian statehood was too much for Trump to uphold. By endorsing the forced removal of Gaza's population, he is not just modifying his plan; he is abandoning it altogether. The two-state solution, weak and illusory as it was under his vision, has now been erased entirely, in favour of the doctrine advocated by Netanyahu and Finance Minister Bezalel Smotrich: permanent displacement and ethnic cleansing...This is not a political strategy; it is biblical warfare...in Trump's world, some lives matter, and others

are disposable...Trump's team are no longer just tolerating the Israeli far right; they are actively aligning with it." - *And lying with it and laying with it!*:

beings, which then gives a 'moral' reason to hate other groups of human beings, and even mass murder them and commit acts of genocide against them. Trump has been putting hardcore Zionists into his administration since Day 1, and one of them, Martin Oliner, who was appointed by Trump to serve on the US Holocaust Memorial Council, probably best exemplified this dangerous cult in an opinion piece he wrote for The Jerusalem Post just a few days ago on February 1, 2025:...'those like myself who do not believe Gazans are worthy of any mercy...They are fundamentally evil'...This is the demonic attitude of the Zionists, and there are MORE Christian Zionists in the United States than there are Jewish Zionists in Israel, by far. They believe that an entire group of people, the Palestinians, are ALL evil based on their ethnicity, and that includes babies and children, as tens of thousands of them have already been massacred in Gaza. This hatred and murderous attitude of the Zionists is not limited just to the Palestinians in Gaza, but also extends to Iranians and other Arab people, such as the Lebanese Arabs, 30% of whom are Christians...Israel is the de facto 51st State of the U.S." - Includes 1.55, .34, 1.27 min/sec vids:

Last night, President Donald Trump stunned the world, literally, by declaring that the United States would seize control of the Gaza Strip, secure it with thousands of armed troops, and rebuild it. For a year that started out with the end times needle pinned, 36 days into 2025 that needle is pinned and beginning to melt. Not only that, Trump's proposed Secretary of Defense Pete Hegseth is on record as saying back in 2018 that 'There's no reason why the miracle of the re-establishment of the temple on the Temple Mount is not possible.' - **The Judeo-Christian Paradox, Part I - The term “Judeo-Christian” is one of the most insidious linguistic constructs to emerge in the lexicon of modern religious discourse. It purports to bind two wholly incompatible systems — the Law and the Gospel, Sinai and Calvary, the synagogue and the Church — under a single banner. To the casual observer, it serves as a lexical bridge uniting two faiths that allegedly share the same moral foundation and historical continuity. But to the discerning mind, it is an oxymoron — a paradox that obscures the profound incompatibilities between Judaism and Christianity. This term has only served to muddle the foundational differences between two worldviews that diverge radically in their understanding of God, the Messiah, law, salvation, and history itself. Far from uniting these two, it obscures the great chasm that exists between them: the chasm of covenant, of doctrine, and of spirit.**

**Unveiling the chasm between them...**

"There is no such entity as the Judeo/Christian religion. As religions go, there is no way to combine the view that Jesus is the Christ with the idea that He was a fraud, or the claim that He rose from the dead with the counterclaim that He did nothing of the kind, or the idea that the New Testament correctly interprets the Old with the view that it is the Talmud that actually does. So as religions, they do not harmonize at the most basic level."—Pastor Doug Wilson, author of “Mere Christendom”:

- and -

- **The Judeo-Christian Paradox, Part II - The origins of Rabbinic Judaism, as we understand it today, are not ancient or continuous but a product of the post-exilic period, emerging during the 2nd Century AD as a response to the failed revolt of Bar Kokhba and the subsequent Roman destruction of**

**Judea. The transformation from a nationalistic, temple-centered religion to the synagogue-based system that characterizes modern Judaism was not a natural evolution, but a radical reconfiguration orchestrated by a select group of Pharisees. Seeking to preserve their influence and way of life, the Pharisees adapted to the loss of the Temple and the dispersion of the Judean people. This transition marked the birth of what we now recognize as Talmudic or Rabbinic Judaism — an invention, not a continuation of the faith of Moses and the Prophets.**

**Analyzing the claims upon which the Jewish religion is founded...**

"Strictly speaking, it is incorrect to call an ancient Israelite a 'Jew' or to call a contemporary Jew an 'Israelite' or a 'Hebrew'. The first Hebrews may not have been Jews at all, and contemporary Palestinians by their own definition of the term 'Palestinian', have to include Jews among their own people...How these curiosities of terminology evolved is a complicated and interesting bit of history."—The Jewish Almanac (1980), Pg.3:

(Excerpt:) "I am not at all convinced [Trump] is doing it to make the world a better place for us all. The fact he is continuing to work with Big Tech, Bill Gates, and Big Pharma and attacking the people of Palestine, while having no plans to relocate or re-integrate all those displaced by his 'revolution', leaves me very uneasy. He says the Palestinians will go to 'a beautiful place'. Other than heaven, what place is that, exactly? What beautiful place has agreed to take the 1.7 million he is talking about? And what beautiful place have he and Netanyahu selected for the rest of us to go to, those of us who won't be needed in the high-tech future of machines and wealthy resorts? I think there was probably a

positive plan for the wealthy purposely displaced in Maui and LA, but for the rest of us I am less optimistic.":

Seven children were killed by Israeli drone strikes and five children were shot and killed with live ammunition...The attack was captured on camera and has gone viral on social media...Saddam's medical care was obstructed by Israeli forces several times, including immediately after the shooting and during the transfer from Thabet Thabet Governmental Hospital in Tulkarem to Rafidia Hospital in Nablus. Under international law, children are entitled to special protections, which necessitate that they receive the care and aid that they need during times of armed conflict. (Excerpts:) "For some reason, not yet known, Sergei Ryabkov, the Deputy Foreign Minister, stated today 'Russia-US relations are at breaking point.'...Ryabkov also warned against the use of ultimatums and aggressive rhetoric in negotiations with Russia. 'The language of ultimatums, provocative statements, and attempts to make us accept unrealistic demands in exchange for supposed favors will not work in relations and dialogue with Russia,' he said.":

> 🧐 **"Game-Changer! Oxford Scientists Achieve Quantum Teleportation"** - 9.32 min vid. *Comment from Peter on this vid: "It's not there yet, but if that got to a point where it works, it would, for example, be the end of stock-market trading, because it would be like a million parasites on a bee. It would render trading a non-business because of its inability to make mistakes in the trends in the market. Therefore, the stock exchanges would no longer exist. And that's where one-system world governance would kick in. Sound familiar?!"*

(Intro:) "Oxford scientists have just achieved a major breakthrough in quantum computing—teleporting logical quantum gates between separate processors! This could solve the scalability problem, making large-scale quantum supercomputers a reality. It even brings us closer to a quantum internet, where data is transferred instantly and securely. How does it work? What does it mean for the future? Watch now to find out!":

> 💉 *There's been a lot of news coming out about how DOGE is going after USAID, but not a peep about DOGE looking into NIAID (<https://www.niaid.nih.gov/>)! Why's that? Depopulation is still the game and the aim. Media sideshows are required to keep the masses' mind from realising this. The public is being exposed to the the shock of Convid and the exposure of the injustice in preparation for the next blow of the psyop which is underway in the form of the needless slaughter of millions of farm animals, cutting the food supply. The mission is to dump population numbers – with fear, war, man-made hunger, unhealthy factory food, lab-made diseases, purposely dumped toxicity into the environment, climate games, etc. and, above all, medication!*

- *This article brings out 4 key points: 1) just how naively trusting the elderly are of their doctors; 2) almost every resident is on a plethora of pharmaceutical drugs; 3) few, if any, of the residents that he talked to seem to know anything about what constitutes a healthy and balanced diet; and 4) all of the residents faithfully line up to receive their seasonal flu immunizations, including their Covid shot and boosters. Exactly what the elites have created by design! "My people are destroyed for lack of knowledge. The heart of him that hath understanding seeketh knowledge; but the mouth of fools feedeth on foolishness." (Hos.4:6a; Prov.15:14) - And pharmakeia, lies and manipulations!:*

### > 📣 **"Sleepwalking into Tyranny: How Power is Silently Being Seized"**

(Excerpts:) "It will only be a matter of time before those brainwashed into believing that they have nothing to worry about learn the hard way that in a police state, it doesn't matter who you are or how righteous you claim to be, because eventually, you will be lumped in with everyone else and everything you do will be 'wrong' and suspect. Martin Niemöller learned that particular lesson the hard way. A German military officer turned theologian, Niemöller was an early supporter of Hitler's rise to power. It was only when Hitler threatened to attack the churches that Niemöller openly opposed the regime. For his efforts, Niemöller was arrested, charged with activities against the government, fined, detained, and eventually interned in the Sachsenhausen and Dachau concentration camps from 1938 to 1945. As Niemöller reportedly replied when asked by his cellmate why he ever supported the Nazi party: 'I find myself wondering about that too. I wonder about it as much as I regret it. Still, it is true that Hitler betrayed me...Hitler promised me on his word of honor, to protect the Church, and not to issue any anti-Church laws. He also agreed not to allow pogroms against the Jews...Hitler's assurance satisfied me at the time...I am paying for that mistake

now; and not me alone, but thousands of other persons like me." - *"Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, redeeming the time, because the days are evil."* (Eph.4:14-16):
