Here we are at the 9th installment of our study from the "The Lost Books of Adam and Eve", on the degrees and depths of deception Satan tried in order to tease, lure, deceive, beguile, seduce, distract, scare, manipulate, and even kill Adam and Eve after they had been sent out of the Garden. In the previous installment, the fiery serpent, Satan, fled at the command of the Word of God! And now, whilst the coals cool down and the fire flickers out, God lays out to Adam and Eve, in further detail, the raw reality of their obeying the Devil over the Divine, the path to Hell, and that only through God's Word is the Way, the Truth and the Life revealed and humankind redeemed!

Chapter 45 - GOD'S SAVING TRUTH vs SATAN'S PERDITIOUS PROMISES

1 Then Adam rose and prayed unto God, saying, "See, this fire has made separation between us and the cave in which Thou hast commanded us to dwell; but now, behold, we cannot go into it." [This fire that Satan set to burn Adam and Eve causes me to reflect on SoS.8:6b, "Jealousy is cruel as the grave: the coals thereof are coals of fire, which hath a most vehement flame." Satan hated that God had created humankind! He totally freaked out with fiery jealousy when God said, "Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth." (Gen.1:26) And from that moment he plotted to separate God's crowning creation from the God of Love and Life!]

- 2 Then God heard Adam, and sent him His Word, that said:
- 3 "O Adam, see this fire! How different the flame and heat thereof are from the garden of delights and the good things in it! [Oh, "how different" indeed is the flame of God's Holy Spirit and the heat of heavenly harmony from the ferocious flames of Satan and the harmful heat of his hellish machinations!]
- 4 When thou wast under My control, all creatures yielded to thee; but after thou hast transgressed My commandment, they all rise over thee."
- 5 Again said God unto him, "See, O Adam, how Satan has exalted thee! [I think God said "exalted" here in somewhat of a tongue-in-cheek manner! Satan promised to exalt Adam and Eve, that "ye shall be as gods" (Gen.3:5), upon eating of the Tree of the Knowledge of Good and Evil (Gen.2:17); whereas, in fact, the exact opposite happened! Adam and Eve had their eyes way too much on and were lured by "Knowledge", which cancelled out remembering that the tree's name also contained "Evil"! A good reminder that if a label contains any evil word, ditch and avoid the whole thing!], He has deprived thee of the Godhead, and of an exalted state like unto Me, and has not kept his word to thee; but, after all, is become thy foe. It is he who made this fire in which he meant to burn thee and Eve. ["He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it. He that committeth sin is of the devil; for the devil sinneth from the beginning. For this purpose the Son of God was manifested, that He might [expose and] destroy the works of the devil." (Jn.8:44b; 1Jn.3:8) — Satan arsenal of lies! It seems to all be coming more into focus for Adam and Eve. The seductive Separator spun them a luscious, lofty, epic-empowering lie, the dire consequences of which are dawning on them as the days go by and the Devil's attacks intensify!]
- 6 Why, O Adam, has he not kept his agreement with thee, not even one day; but has deprived thee of the glory that was on thee—when thou didst yield to his command? [When they should have stuck with God's! "Thou shalt have no other gods before Me." (Exo.20:3) Any so-called "promise" of the Devil leads to perdition, a "final state of ruin and punishment" (see:

https://bibleapps.com/p/perdition.htm]

- 7 Thinkest thou, Adam, that he loved thee when he made this agreement with thee? Or, that he loved thee and wished to raise thee on high? [There's certainly no love in the Devil! Only "God is Love"! (1Jn.4:8b)]
- 8 But no, Adam, he did not [NOT!] do all that out of love to thee; but he wished to make thee come out of light into darkness, and from an exalted state to

degradation; from glory to abasement; from joy to sorrow; and from rest to fasting and fainting." [Wow, what great opposites there! A right-between-the-eyes reminder to "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof: but he that doeth the will of God abideth for ever." (1Jn.2:15) The Devil doesn't love us! His world doesn't love us! His luciferian food, fantasies, fiction, fakery you-name-it doesn't love us!]

9 God said also to Adam, "See this fire kindled by Satan around thy cave; see this wonder that surrounds thee; and know that it will encompass about both thee and thy seed, when ye hearken to his behest; that he will plague you with fire; and that ye shall go down into hell after ye are dead. [Only by listening (hearkening) to the right voices can we make the right choices!]
10 Then shall ye see the burning of his fire, that will thus be burning around you and your seed. There shall be no deliverance from it for you, but at My coming; in like manner as thou canst not now go into thy cave, by reason of the great fire around it; not until My Word shall come that will make a way for thee on the day My covenant is fulfilled. [The New, True Covenant through Jesus Christ our Lord, the Word of God, our Saviour through which we receive the Gift of Eternal Life! PTL! See Hebrews chapter 8.]

11 There is no way for thee at present to come from hence to rest, not until My Word comes, Who is My Word. Then will He make a way for thee, and thou shalt have rest." Then God called with His Word to that fire that burned around the cave, that it part itself asunder, until Adam had gone through it. Then the fire parted itself by God's order, and a way was made for Adam. ["Come unto Me, all ye that labour and are heavy laden, and I will give you rest. Take My yoke upon you, and learn of Me; for I am meek and lowly in heart: and ye shall find rest unto your souls. For My yoke is easy, and Mburden is light. There remaineth therefore a rest to the people of God. For he that is entered into His rest, he also hath ceased from his own works, as God did from His. (Matthew 11:28-30; Heb.4:9-10)]

12 And God withdrew His Word from Adam."

Is this finally the end of Adam and Eve's house-fire attack? Can they finally safely re-enter their cave and recoup?

> iii "Emasculated gospel? Pastor warns Christians are neglecting critical part of Bible - 'We have to be willing to walk this out and live like we believe the Bible is true.'" - Includes 18.54 min vid.

(Excerpts:) "(Excerpts:) 'The most important part is imagining that there are spiritual forces that are impacting your life today, without any question,' he explained. 'And if we get to that point, then the discussion becomes pretty significant.'...Even the devil understood the importance of angels, as Satan told Jesus that if he tossed himself off the temple, the angels would save him. Matthew 4:5-6 reads: "Then the devil took him to the holy city and had him stand on the highest point of the temple. 'If you are the Son of God,' he said, 'throw yourself down. For it is written: "He will command his angels concerning you, and they will lift you up in their hands, so that you will not strike your foot against a stone.""...Ultimately, Jackson said there's a disconnect today when it comes to many Christians' understanding of angels in particular. While most in the aforementioned gospel narratives seemed to understand their significance, too many today doubt or ignore...'It seems to me we're more willing to trust in a presidential election than we are in the beings that God has made available to us,' he said...'We have to be willing to walk this out and live like we believe the Bible is true,' he said. 'Otherwise, we just relegate it to an insurance policy at the end of our life, and if God can't be trusted to make a difference in my life today, then I think we're foolish to trust him with our eternity.'...Jackson said people have to be comfortable realizing Jesus himself clearly believed in angels and demons — and modern believers shouldn't be afraid of it.":

As for Christians who may be searching for,

contemplating, justifyingly deliberating some sort of validation for their usage of AI, imo, that's part of their Phil.2:12 walk and relationship with their Lord, in working out their own salvation with fear and trembling. "It is difficult to get a man to understand something, when his salary depends upon his not understanding it." (Upton Sinclair) There are times when individuals are often influenced by their financial incentives, which can make it challenging for them to objectively evaluate information or situations. And when a person's livelihood depends on a particular way of thinking or believing, they may be less inclined to acknowledge or consider alternative viewpoints or evidence that contradicts their established way of doing things. When this creates a situation where individuals may consciously or unconsciously distort and misinterpret information, or downplay the importance of certain factors to maintain their financial stability, project, position, popularity, or what have you, well, this appears to be a juxtaposition that even Word-based Christians are now having to wrestle with.

(Excerpts:) "This week I was researching the history of the modern African economy as well as the financial effects of 'colonialism', largely in an effort to discern if Africa is actually better off with or without western influence. One can of course argue that racial divisions like Apartheid in South Africa or segregation in Rhodesia have their own oppressive social effects beyond the financial. There's also the argument that only 'white colonists' ever benefited from the infrastructure they built (which is actually untrue, wherever white colonists were established, everything from water access to roads to medical care improved for everyone). However, I think it's fair to ask if these nations were experiencing growth and prosperity under white governance, or if things were relatively the same. We're not supposed to talk about it – We're only supposed to say 'colonialism bad'. I don't care about that, I just want to know what the realities are. In the process I came across an interesting video featuring a black South African man who presented the race issue and the South Africa issue in a way that was simple but it brought impressive clarity. Unlike early Al tools for logistics or surveillance, Phase Two systems operate with unprecedented autonomy. Think robot tanks coordinating attacks without human input, cyber-Al hacking infrastructure in milliseconds, and neural networks predicting enemy strategies by analyzing decades of data. We'll dissect real-world examples, like the U.S. Army's Project Sentinel and China's Al Combat Cloud, revealing how militaries are racing to out-automate each other. Why should you care? The ethical lines are blurring. All can now select targets. escalate conflicts, and even mimic human commanders' decision-making—but without accountability. We'll explore leaked Pentagon reports, whistleblower accounts, and the chilling 'slaughterbot' simulations showing how easily Al could spiral out of control. Meanwhile, nations like Russia and Israel are already testing Phase Two tech in live combat. The stakes? A new arms race where the first side to perfect autonomous AI could dominate—or destroy—the planet. The age of AI warfare isn't coming; it's here. Can Al make ethical combat decisions? How close are we to fully autonomous warfare? What is Project Sentinel? Are slaughterbots real? Can Al prevent or provoke WWIII? This video dives into the heart of Phase Two.":

(Excerpts:) "A dance performance featuring near-naked performers and raw chicken carcasses inside Paderborn Cathedral has sparked outrage among German Catholics and drawn demands for a public apology. What was meant to be a solemn commemoration of Westphalia's 1,250th anniversary quickly turned into a scandal that shocked many Christians. At the heart of the region's religious life, the majestic Paderborn Cathedral—one of Germany's best-known churches—became the stage for a controversial performance during the official state ceremony. Semi-nude dancers performed a routine involving plucked chicken carcasses wrapped in diapers, while a song titled 'Fleisch ist Fleisch'

('Flesh is Flesh') played in the background. For many, the symbolism was unmistakably a direct mockery of the Eucharist and the dignity of Christian worship. The scene, staged in a church built for the glory of God, sparked widespread outrage among Catholics...[But here's the real kicker and the core problem of this matter!] The archdiocese released a statement expressing 'regret that religious feelings were hurt', claiming that this had 'never been intended'." - No, no, NO! It was intended by you, you wicked, psycho satanic, chicken-liver loser, luciferian archdiocese, by allowing that desecration, pagan performance on your watch in the first place!:

(Description:) "This cinematic exposé uncovers the shocking truth behind the infamous Babalon Working ritual, conducted by rocket scientist and occultist Jack Parsons with L. Ron Hubbard. What begins as experimental magick soon descends into something far more sinister — a deliberate attempt to summon the Whore of Babylon and rip open a portal between dimensions. We explore how this ritual may have unleashed the modern UFO phenomenon, drawing in interdimensional entities, black magick, and the deep occult roots of America's space program. From the deserts of Pasadena to the halls of power, this story connects Aleister Crowley, secret societies, and the rise of alien contact through ritual sacrifice and esoteric rites. Could this be the real beginning of the UFO age? Was the Babalon Working a success — and if so, what crossed over? Is modern alien contact part of a spiritual deception that began with these very rituals? This episode reveals what the government and media refuse to say out <u>loud</u>. A new strategic defense review is being prepared in the UK, which foresees an extra £1 billion for the acquisition of unmanned systems and faster decision-making in the field. But the problem is not only about money. Time is what is missing the most. The speed with which Russia is adapting and strengthening...Western military strategists are shocked — and not just because of the speed with which Russian forces are adapting. Sources from NATO admit that Russian troops are currently outnumbering the Western ones by a number of criteria. The number of engaged units at the front is now twice as high as at the beginning of the special military operation. Meanwhile, Russia's arms and ammunition production has skyrocketed, and experience with Western systems such as HIMARS has allowed the Russian side to develop effective neutralization methods. Even Ukraine's dominance in battlefield innovation has faded. Russia's use of drones and electronic warfare systems sets new standards, and analysts believe that Russia is ahead of NATO in those segments...There is also concern among NATO generals about one factor that cannot be measured — Russia's willingness to persevere despite heavy losses. It is an element that the West does not have. That mentality, that acceptance of risk, allows the Russian side flexibility and initiative that allies can hardly follow.":

(Comment from Peter G on the link above :) Electric Vehicle Madness!

Reflecting on the Australian farmer's dilemma with electric tractor inefficiencies, I am regularly astounded that the electric vehicle agenda continues to roll out. This farmer compares working a 6,000 hectare paddock in a diesel tractor and what it would take to do the same job with an electric tractor. He estimates that it would require over 300 charges, and over 900 hours of charging (which is already 3 times longer than it took to do the actual job)! Not to mention the inconceivably massive infrastructure needed to run the power for the battery. It's ludicrous that the general public, governments and mega-industries continue to ignore the impossible task of transitioning from fossil fuels to electric technology. The fact that it's an unviable proposition begs the question: Why is it being ignored that there simply isn't enough grid power of any description to provide the electricity needed for the world to function under electric vehicles? This is yet another insanely incongruous agenda to add confusion to a completely ill-prepared and heinously haphazard plan to replace fossil fuels.

> 💥 To protest pride month in America, I present the classic 1995 essay "How America Went Gay" (And it's not "gay"! What a horrid defilement of that word! It's "hate": Hated for the Creator and His Creation! And includes all other hate-infected societies!) by Dr Charles Socarides, the psychiatrist who pioneered the treatment of homosexuality. The courageous Dr Socarides (1922-2005 - he lived to 103 years old!) was a clinical professor of psychiatry at Albert Einstein College of Medicine/Montefiore Medical Center in New York. Over four decades, he treated hundreds of homos and helped about 33% return to heterosexuality. The fact many governments promote sodomy it is further confirmation that society has been subverted by a satanic cult and is satanically possessed. Until 1975, homosexuality was recognised as a developmental disorder. The massive crusade to mainstream homosexuality is characteristic of satanism, which pretends that sick is healthy and unnatural is natural. "We will destroy all collective forces except our own." (Protocols of Zion, 16-4) "Collective forces" include race, religion (God), nationhood and family (gender.) This essay is long, but well worth one's investment in reading it in full!:

Thousands were slaughtered! The terrorists haven't been shy about uploading their killings on the internet as well as in livestreams. Men, women, children, and even babies being brutally murdered, coupled with videos of cannibalism! Jolani's HTS thugs' wicked wave of violence swept across Syria's Mediterranean coast!
