> Satan's fiery arson attack continues in this 8th installment of our study from the "The Lost Books of Adam and Eve", on the degrees and depths of deception Satan tried in order to tease, lure, deceive, beguile, seduce, distract, scare, manipulate, and even kill Adam and Eve after they had been sent out of the Garden.

Chapter 44 - The Power of Fire.

1 Yet Adam and Eve were standing and looking at the fire, and unable to come near the cave from their dread of the fire.

2 And Satan kept on bringing trees and throwing them into the fire, until the flame thereof rose up on high, and covered the whole cave, thinking, as he did in his own mind, to consume the cave with much fire. But the angel of the Lord was guarding it.

3 And yet he could not curse Satan, nor injure him by word, because he had no authority over him, neither did he take to doing so with words from his mouth. *[I'm reminded of Psa.91:11 "For He shall give His angels charge over thee, to keep thee in all thy ways." Whilst the cave itself was undergoing this fiery peril, Adam and Eve were still kept and protected. But as for Satan himself and his hellish doings...]*

4 Therefore did the angel bear with him, without saying one bad word until the Word of God came who said to Satan, "Go hence; once before didst thou deceive My servants, and this time thou seekest to destroy them. *[Only the Word*

of God. Jesus Christ ("In the beginning was the Word, and the Word was with God, and the Word was God. And the Word was made flesh, and dwelt among us." - Jn.1:1,14) could rebuke Satan and cause him to flee! "And Jesus rebuked him, saying, 'Hold thy peace, and come out of him.' And when the devil had thrown him in the midst, he came out of him, and hurt him not." (Lk.4:35) Only in the name of Jesus, the Word of God, is there power over Satan!]

5 Were it not for My mercy I would have destroyed thee and thy hosts from off the earth. But I have had patience with thee, unto the end of the world." [*When this will take place! "And I saw an angel come down from heaven, having the key of the bottomless pit and a great chain in his hand. And he laid hold on the dragon, that old serpent, which is the Devil, and Satan, and bound him a thousand years, and cast him into the bottomless pit, and shut him up, and set a seal upon him, that he should deceive the nations no more, till the thousand years should be fulfilled: and after that he must be loosed a little season."* (Rev.20:1-3)]

6 Then Satan fled from before the Lord. [*"Submit yourselves therefore to God. Resist the devil, and he will flee from you."* (Jam.4:7)] But the fire went on burning around the cave like a coal-fire the whole day; which was the forty-sixth day Adam and Eve had spent since they came out of the garden.

7 And when Adam and Eve saw that the heat of the fire had somewhat cooled down, they began to walk towards the cave to get into it as they were wont; but they could not, by reason of the heat of the fire.

8 Then they both took to weeping because of the fire that made separation between them and the cave, and that drew towards them, burning. And they were afraid.

9 Then Adam said to Eve, "See this fire of which we have a portion in us: which formerly yielded to us, but no longer does so, now that we have transgressed the limit of creation, and changed our condition, and our nature is altered. But the fire is not changed in its nature, nor altered from its creation. Therefore has it now power over us; and when we come near it, it scorches our flesh."

As Stephen Strutt points out in his book, "Eden Insights", page 120, the Book of Enoch, as well as other Scriptures mention beings of fire,:

- *Eno.17:1 "And they took and brought me to a place in which those who were there were like flaming fire, and, when they wished, they appeared as men."*

• *Eno.71:1 "And it came to pass after this that my spirit was translated and it ascended into the heavens, and I saw the holy sons of God. They were stepping on flames of fire."*

• *Heb.1:7 "And of the angels, he saith, 'Who maketh His angels spirits, and His ministers a flame of fire.'"*

Strutt also cites Dan.12:3, Rev.1:13-15, and Acts 2:1-4, where we see a symbolic return of the holy fire in humanity, when the fire of the Holy Spirit manifested in "cloven tongues like as of fire and it sat upon each of them"—upon all the believers when they were assembled "with one accord in one place...And they were all filled with the Holy Ghost"! Truly the God-created "bright nature" that imbued Adam and Eve when they were in the Garden of Eden was extinguished once they fell into league with Satan's temptation to plug them into the Tree of the Knowledge of Good and Evil. It appears that it's dawning upon Adam and Eve more and more as to what they forfeited in thinking that Satan had their best interests at heart! "Can a man take fire in his bosom, and his clothes not be burned? Can one go upon hot coals, and his feet not be burned?" (Prov.6:27-28) Thankfully, through believing in and receiving Salvation through Jesus, the Word of God, and upon receiving the gift of the Holy Spirit, we can live on "on-fire", inspiring life for Him when we observe all things whatsoever He has commanded us! (See Mat.28:20)

(Excerpt:) "Throughout 2024 and 2025, the United States has been hit by major disasters again and again and again. Sadly, hardly anyone seems to want to acknowledge that what we are experiencing is highly unusual. There seems to be an overwhelming consensus that the period of extreme instability that we are currently witnessing is just temporary. But what if it isn't temporary? We are being hit by one apocalyptic disaster after another, and I believe that what we have been through so far is just the beginning":

After the aircraft completes a series of test missions, the People's Liberation Army (PLA) plans to deploy it as a 'drone mother ship' UAV, which will make it possible to extend the operational radius of attack drones and boost their swarming capabilities. It will also be possible to use it in intelligence, surveillance, and reconnaissance assignments, as well as electronic warfare...largely mirrors the capabilities of Western UAV systems like the MQ-9 Reaper and the RQ-4 Global Hawk, while adding swarm-launch functionality, which has yet to be introduced in the US arsenal.":

- **"UK assessment: Killing by assisted suicide instead of offering treatment will save NHS money"**

(Excerpts:) "An assessment carried out by the UK Department of Health and Social Care on the impact of proposed assisted suicide legislation found that legalizing assisted suicide could save the National Health Service (NHS) as much as £59.6 million (\$79 million) annually. But the very fact that such an assessment was sought — evaluating whether a human being should live or die based on monetary cost of death versus treatment/life — fuels the concerns of those opposed to the legislation...Doctors in Canada, where assisted suicide is legal, said in 2023 that they are facing at least subtle pressure from the government to use Medical Assistance in Dying (MAiD) to cut costs for its national healthcare system...There is already talk of allowing 'mature minors' [in Canada] access to euthanasia too — just think of the lifetime savings. Opponents to assisted suicide [in the UK] fear that the same will be true for disabled and vulnerable individuals in the UK if assisted suicide is legalized."

- **"Canada Moves to Begin Euthanizing Children Without Parental Consent"**

(Excerpts:) "The globalist Canadian government has launched a campaign to promote a new push to begin euthanizing children with mental health issues without their parents' consent. The new scheme seeks to open up the country's Medical Assistance in Dying (MAiD) to children. Liberal Party Prime Minister Mark Carney's government describes those children who would be eligible for 'assisted suicide' using the alarmingly vague term 'mature minors'. According to the Canadian government's promotional material, children with mental health issues would be euthanized without parental consent under the expanded laws. The move to expand the eugenics programs to 'mature minors' was revealed in flyers distributed by the Canadian government...Beginning in March 2027, the government will begin euthanizing Canadians suffering from mental illnesses...The flyer continues by promoting suicide as a faster alternative than waiting for medical treatments. Essentially, the government is advising citizens

that suicide is more efficient than the Canadian healthcare system...This troubling push by the Canadian government highlights the anti-human agenda being pushed by the globalist ruling class."

It's execution. This is exactly what Nazi Germany did - they called it mercy, too. They started with the disabled, the mentally ill, the broken. They said it was for their own good. It was evil then. The Golden Dome (formerly known as Iron Dome) plans come amid broader discussions and concerns about the weaponization of space. Chief of Space Operations Gen. Chance Saltzman talked about Golden Dome and other topics during an interview broadcast online as part of Defense One's State of Defense 2025: Air Force and Space Force virtual conference today. Golden Dome was first rolled out publicly in an executive order in January and proposes a huge expansion of America's missile defense architecture... (Excerpts:) "Artificial intelligence is going to cause more upheaval in society over the next few years than perhaps any other technology the world has ever seen. But if President Trump's Big Beautiful Budget Bill gets passed in the version preferred by a group of House Republicans, the federal takeover of this technology will be complete, opening up a free-for-all for Big Tech to weaponize it against everyday Americans. Buried deep in Trump's bill is a secretly added clause that seeks to usurp the rights of individual states to regulate AI.

Republicans in the House Energy and Commerce Committee quietly added the proposed amendment in Section 43201, Subsection C. I say it's secret because it has received almost no media attention...It would seem to be a direct violation of the 10th Amendment to the U.S. Constitution, which states that all powers 'not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.'...This amendment is not only unconstitutional, it represents a federal power grab that will fully empower technocratic billionaires to run wild with AI in any way they see fit.":

(Excerpts:) "However, privacy advocates are worried that while the Act is well-intentioned, it is far too vague and can be used to take down content far beyond illicit AI content, but is a way for the government to silence criticism and dissent, and harm encrypted communication. The Electronic Frontier Foundation (EFF) warned in February that the bill's lack of safeguards and broad definitions 'will likely lead to people misusing the notice-and-takedown system to remove lawful speech.' The group points out that this bill 'creates a far broader internet censorship regime than the Digital Millennium Copyright Act (DMCA)', which has been regularly abused on social media platforms to get content removed without justifiable reason, though DMCA still has anti-abuse provisions to protect against false copyright claims...The bill's opaque wording also calls into question encryption protection. While the bill does exempt email providers to comply, it

fails to lay out specific exemptions for private messaging apps, cloud storage, and other end-to-end encrypted (E2EE) services.":

(Description:) "Why were the big old bells removed during WW2? The reason is due to the effect they had over the human body such as healing and well being might be the answer. Of all musical instruments, BELLS are known to have the most healing properties. The sounds of church bells produce a special frequency that is amplified by the building itself, which resonates through all the organs and tissues in our bodies to produce the healing effect. Once we had the beautiful world exhibitions in the 1900s, the buildings of which were also destroyed, equipped with free energy which is still closely connected with the tower built by Nimrod of Babylon, the building has always stood there and we look at the tale from the wrong side as it wasn't built but demolished. The connection to the higher energies and the free energy were symbolically destroyed. What do they have in common? It all has to do with sound, energy and frequency.":

"China Demands US Scrap Golden Dome Missile Defense System As It Will 'Turn Space Into A Battlefield'" - Includes .7 sec vid.

(Excerpts:) "China has reacted fiercely to President Trump's newly unveiled plans to develop a cutting edge massive missile defense system to cover the entire territory of the United States, dubbed the 'Golden Dome' - and which would utilize space. The plan is for space-based interceptors to be able to shoot down the most advanced missiles in the world. Trump touted that the hugely ambitious project would cost \$175 billion and would be completed within three years; however, the Congressional Budget Office anticipates a price tag of \$500 billion

over 20 years. An allotted \$25 billion for next year's budget will kick off the construction. Chinese foreign ministry spokesperson Mao Ning reacted Wednesday saying China is 'gravely concerned' as the Golden Dome will 'exacerbate the risk of turning outer space into a battlefield' and likely start an arms race which will redefine the global order and international security system.":

(Excerpt:) "'We have one very, very clear red line, and that is enrichment. We cannot allow even 1% of an enrichment capability,' Steve Witkoff, U.S. Special Envoy - vs - 'Demanding zero uranium enrichment means NO DEAL', Sayed Abbas Araghchi, Iran's Foreign Minister. You could have spotted this from a mile away. President Trump—who sabotaged the most stringent and comprehensive nuclear agreement in history (The JCPOA)—ordered his special envoy to make a surprise announcement that crosses all of Iran's 'red lines' and makes war between the US and Iran inevitable. Anyone with half a brain could see that this was the strategy from the very beginning. Just as Washington encouraged Kiev to intensify its bombardment of the Donbas forcing Putin to send Russian forces into Ukraine, so too, Washington lured Tehran into nuclear 'talks' with the clear intention of creating a pretext for launching a war on Iran. In both cases, US war-planners 'moved heaven and earth' to make it look like the opposite party provoked the conflict when, in fact, Washington was the primary instigator. Let me explain." - *Read the explain in full!*:

After Gaza's destruction, the crushing of Palestinian life in the occupied West Bank and East Jerusalem will simply have to return to an earlier, slower pace – one that has allowed it to be kept off the western public's radar for 58 years. Will it really work out like this? Only in the imaginations of western elites. In truth, burying nearly two years of a genocide all too visible to large swaths of western publics will be a far trickier task. Too many people in Europe and the US have had their eyes opened over the past 19 months. They cannot unsee what has been live-streamed to them, or ignore what it says about their own political and media classes. It illustrates something fundamental about human nature and is a terrifying harbinger of where the world is headed." - *This one is not pretty, but it certainly points out and exposes the skullduggery afoot! The darkest chapter in the history of the world*

(Excerpts:) "...genocide is the currency of Western domination *[And anyone else's currency who apply its tactics!]*. Between 1490 and 1890, European colonization, including acts of genocide, was responsible for killing as many as 100 million indigenous people, according to the historian David E. Stannard. Since 1950 there have been nearly two dozen genocides, including those in Bangladesh, Cambodia and Rwanda. The genocide in Gaza is part of a pattern. It is the harbinger of genocides to come, especially as the climate breaks down and hundreds of millions are forced to flee to escape droughts, wildfires, flooding, declining crop yields, failed states and mass death. It is a blood-soaked message from us to the rest of the world: We have everything and if you try and take it away from us, we will kill you. Gaza puts to rest the lie of human progress, the myth that we are evolving morally. Only the tools change...We are entering a new dark age. This dark age uses the modern tools of mass surveillance, facial recognition, artificial intelligence, drones, militarized police, the revoking of due process and civil liberties to inflict the arbitrary rule, incessant wars, insecurity, anarchy and terror that were the common denominators of the Dark Ages...The genocide in Gaza has imploded the subterfuges we use to fool ourselves and attempt to fool others. It mocks every virtue we claim to uphold, including the right of freedom of expression. It is a testament to our hypocrisy, cruelty and racism. We cannot, having provided billions of dollars in weapons and persecuted those who decry the genocide, make moral claims anymore that will be taken seriously. Our language, from now on, will be the language of violence, the language of genocide, the monstrous howling of the new dark age, one where absolute power, unchecked greed and unmitigated savagery stalks the earth.":

(Excerpt:) "Legal battles are already mounting, from lawsuits over vaccine injuries to criminal complaints against officials who suppressed early treatments. But true justice requires mass awakening — a rejection of the 'biosecurity' regime that used pandemics as pretexts for control. The unvaccinated, once marginalized, now lead that fight, proving that medical freedom, not compliance, is the path to a healthier society. This man's raw admission exposes the catastrophic failure of government and corporate coercion, revealing how natural immunity and medical freedom were the true paths to health — not experimental mRNA injections. As the vaccinated face mounting health crises, the unvaccinated stand vindicated, their skepticism of Big Pharma and authoritarian mandates proven justified. (Excerpt:) "I've watched the gospel-centered movement sweep through evangelicalism over the past two decades. It began with good intentions to help Christians be 'salt of the earth', but it's become a trap that convinced Christians to abandon the public square, shrinking the gospel to a private, individualized experience that neglects our duty to engage the world. In other words, the salt has lost its saltiness. How can its saltiness be restored?...Preaching the gospel is not limited to **inviting people to become Christians. It also requires telling the world that God commands them to repent and obey Christ because judgment is coming.** In preaching the gospel, we are heralds of Christ's victory, whereby the victor dictates the terms of peace. These are not classified as genetically modified (GM) crops. Unlike traditional GM crops, which deliberately introduce foreign DNA, these gene-edited varieties use CRISPR-Cas SDN-1 and SDN-2 technologies, which are often claimed not to introduce foreign DNA but only to alter existing genes...While this claim does not stand up to examination, the supposed distinction is heavily promoted by the agri-biotech industry in an attempt to ensure gene-edited crops bypass strict biosafety regulations and multi-year field trials required for GM crops...The lack of public disclosure about the development process, safety data and intellectual property details of these varieties is deeply problematic...The Coalition for a GM-Free India and farmer representatives challenge the claims that the two gene-edited rice varieties will lead to 25%-30% yield increases, citing a lack of transparent, publicly available field trial data. In a world that reduces our lives to numbers, even our survival goes unnoticed...In both western and Arab media, people like me are made to disappear - flattened by bombs or by headlines...To the media, they were not a family but a number in the toll - lives mentioned without context, if mentioned at all. This is how Palestinians are portrayed: not as people, but as statistics. Dozens killed, hundreds injured, thousands displaced. We are victims, not voices. What does it mean to be killed with your entire family and not even earn a footnote?...The world often sees only the rubble, not the people whose lives were demolished along with their homes - bodies without biographies. But

• **"Memorial Day: It's Not About the Dead Soldiers but About Glorifying War"**

(Excerpts:) "The world is littered with the corpses of wars' victims, those of the killers and the killed, soldiers of every nation – but the vast majority are innocent civilians who never picked up a gun. The earth is so saturated with all their blood that one would expect the rivers to run red as a reminder...potentates, politicians,

and mad generals...These killers are experts at shedding innocent blood to satisfy their blood lust and then erecting monuments to the killers. They are necrophiliacs...War's victims still fall everywhere, every day they are stilled in deserts, mountains, jungles, cities, houses, hospitals, schools, on the open roads, in bedrooms, in woods, in alleyways, crouched in basements, killed from the sky, the ground, directly, remotely...But not all of the wars' victim's die. Vast numbers become 'living corpses'...the lame and crippled struggle on, victims of bombs and bullets, napalm and white phosphorous, nuclear radiation, torture, biological weapons – all the grotesque weapons the ghouls of the weapons' industries have conjured up from hell for their paymasters. Countless living victims, yes, but the weapons industries carefully count their bloody profits, as do those who invest in these companies while turning a blind eye to their own complicity. Many of the wounds of war are psychological and spiritual. And so many of the victims suffer silently. Wars' terrors follow them everywhere down their nights and down their days, and they can often find no escape from the nightmare images that populate their minds, flashing in and out. It's beyond imagining the living hell of children worldwide reliving the sight of the bloodied mangled bodies of their parents at their feet, victims of bombs or death squads or perhaps 'collateral damage', as if any words or reasons could undue their everlasting trauma or cover up the radical evil of those who killed them. We owe it to the wounded, dead, and tormented war victims everywhere to memorialize them with the words: War is a lie, and only truth will free us." - *"Jesus saith unto him, 'I am the way, the truth, and the life: no man cometh unto the Father, but by Me.'"* (Jn. 14:6):

- **"The Persecution of Dr. Reiner Fuellmich: The Biggest Judicial Scandal Ever Seen in Germany"**

(Intro:) "This information is very important to digest and accept. We were duped on a world scale, and the 'COVID measures' constituted crimes against humanity', according to the Corona Investigative Committee's investigative results; in fact, 'the biggest crime ever perpetrated against humanity.' Please share this information with your family and friends now so that the world can shift positively and mentally to conquer these mad monsters who are ruling the world and enslaving humanity. Taking down this medical mafia madness and arresting those who were involved in this crime against all humanity must take place...The circumstances of his illegal arrest and subsequent mistreatment in prison are very concerning. From June 2024 until December 2024, Reiner Fuellmich was placed in solitary confinement. The official reason was that he was providing fellow inmates with legal advice. Fuellmich was also subjected to various forms of abuse, in clear violation of his human rights: physical and psychological mistreatment including prolonged solitary confinement, deprived of sunlight, deprived of outdoor physical activity, deprived of sleep, forced to choose between taking a shower or having his one-hour outdoors, and even prohibited from calling his lawyers. Aside from their brief (and monitored) telephone calls on Skype, he has not seen his wife since his arrest. He is only permitted three hours per month of visits and telephone calls. On top of that, he has been denied adequate medical care, including simple access to vitamins. Moreover, Reiner was not allowed to visit his dying mother nor attend her funeral. Both the inhumane prison conditions as well as the manner in which his trial is being conducted raise serious doubts about the level of respect for fundamental rights in the German judicial system. From June 10, 2024 to this day, Reiner Fuellmich, after being body-searched, is brought to the court and back to prison in shackles

and handcuffs, escorted by armed security officers in armored vehicles, as if he were a serial killer! He is being denied a fair trial, in that any motions presented by his defense lawyers are rejected without explanation...it is beyond a shadow of a doubt that Reiner Fuellmich had to be stopped in order to prevent him from continuing his precious investigational work exposing the truth regarding the 'pandemic' as well as the so-called 'vaccines'. Fuellmich is clearly a political prisoner, punished for having spoken the truth. His case demands the attention of international human rights organizations, as well as the indignation of worldwide public opinion.”:

>  *I recently heard Robert, the founder of Key Updates, comment that we need to remember that **Zechariah, chapter 14**, shall come to pass!*

1 Behold, the day of the Lord cometh, and thy spoil shall be divided in the midst of thee.

2 For I will gather all nations against Jerusalem to battle; and the city shall be taken, and the houses rifled, and the women ravished; and half of the city shall go forth into captivity, and the residue of the people shall not be cut off from the city.

3 Then shall the Lord go forth, and fight against those nations, as when He fought in the day of battle.

4 And His feet shall stand in that day upon the mount of Olives, which is before Jerusalem on the east, and the mount of Olives shall cleave in the midst thereof toward the east and toward the west, and there shall be a very great valley; and half of the mountain shall remove toward the north, and half of it toward the south.

5 And ye shall flee to the valley of the mountains; for the valley of the mountains shall reach unto Azal: yea, ye shall flee, like as ye fled from before the earthquake in the days of Uzziah king of Judah: and the Lord my God shall come, and all the saints with Thee.

6 And it shall come to pass in that day, that the light shall not be clear, nor dark:

7 But it shall be one day which shall be known to the Lord, not day, nor night: but it shall come to pass, that at evening time it shall be light.

8 And it shall be in that day, that living waters shall go out from Jerusalem; half of them toward the former sea, and half of them toward the hinder sea: in summer and in winter shall it be.

9 And the Lord shall be king over all the earth: in that day shall there be one Lord, and His name one.

10 All the land shall be turned as a plain from Geba to Rimmon south of Jerusalem: and it shall be lifted up, and inhabited in her place, from Benjamin's gate unto the place of the first gate, unto the corner gate, and from the tower of Hananeel unto the king's winepresses.

11 And men shall dwell in it, and there shall be no more utter destruction; but Jerusalem shall be safely inhabited.

12 And this shall be the plague wherewith the Lord will smite all the people that have fought against Jerusalem; Their flesh shall consume away while they stand upon their feet, and their eyes shall consume away in their holes, and their tongue shall consume away in their mouth.

13 And it shall come to pass in that day, that a great tumult from the Lord shall be among them; and they shall lay hold every one on the hand of his neighbour, and his hand shall rise up against the hand of his neighbour.

14 And Judah also shall fight at Jerusalem; and the wealth of all the heathen round about shall be gathered together, gold, and silver, and apparel, in great abundance.

15 And so shall be the plague of the horse, of the mule, of the camel, and of the ass, and of all the beasts that shall be in these tents, as this plague.

16 And it shall come to pass, that every one that is left of all the nations which came against Jerusalem shall even go up from year to year to worship the King, the Lord of hosts, and to keep the feast of tabernacles.

17 And it shall be, that whoso will not come up of all the families of the earth unto Jerusalem to worship the King, the Lord of hosts, even upon them shall be no rain.

18 And if the family of Egypt go not up, and come not, that have no rain; there shall be the plague, wherewith the Lord will smite the heathen that come not up to keep the feast of tabernacles.

19 This shall be the punishment of Egypt, and the punishment of all nations that come not up to keep the feast of tabernacles.

20 In that day shall there be upon the bells of the horses, Holiness Unto The Lord; and the pots in the Lord's house shall be like the bowls before the altar.

21 Yea, every pot in Jerusalem and in Judah shall be holiness unto the Lord of hosts: and all they that sacrifice shall come and take of them, and seethe therein: and in that day there shall be no more the Canaanite in the house of the Lord of hosts.

"U.S. funding persecution of Orthodox Christians by Zelensky regime - The dirty little secret of the U.S.-funded war in Ukraine is that thousands of Orthodox Christians are being persecuted by the Zelensky regime"

(Excerpts:) "The U.S. is essentially facilitating the persecution of Christians in Ukraine by supporting the Kiev government, which has been mercilessly cracking down on the nation's ancient Orthodox Christian community... This war is about economics, a fight over resources and strategic waterways and who gets to control them, East or West. But it's also about religion and faith. The old-line Christian faith is making a last stand against the encroaching liberal rules based order of secular-humanist globalists. Last week, Russian Foreign Minister Sergey Lavrov said Moscow would not abandon the Orthodox believers in Ukraine and vowed to make sure that 'their lawful rights are respected'. The Ukrainian Orthodox Church represents the core of traditional Christian values not just in Ukraine but worldwide. It is pro-life, pro-family, and anti-woke. In the eyes of the Western globalists in London, Washington, Paris and Berlin, it must be stamped out, not only because of its historic connection with 'Mother Russia', but because of its unshakeable determination to live in accordance with Christian values."
